SCHOOL BUILDING

The first students started their studies here on September 1 in 1997. It is a large, modern school. Consists of 4 connected buildings, in which, in addition to classrooms, there are: a canteen, a library, two gyms, a room for corrective gymnastics and two internet laboratories.

The school is equipped with study help, sports and audiovisual equipment, an elevator and a ramp for disabled people.

At the back of the building there are sports court, a tartan track and a playground for younger children. There are many trees. The whole area is fenced and monitored.

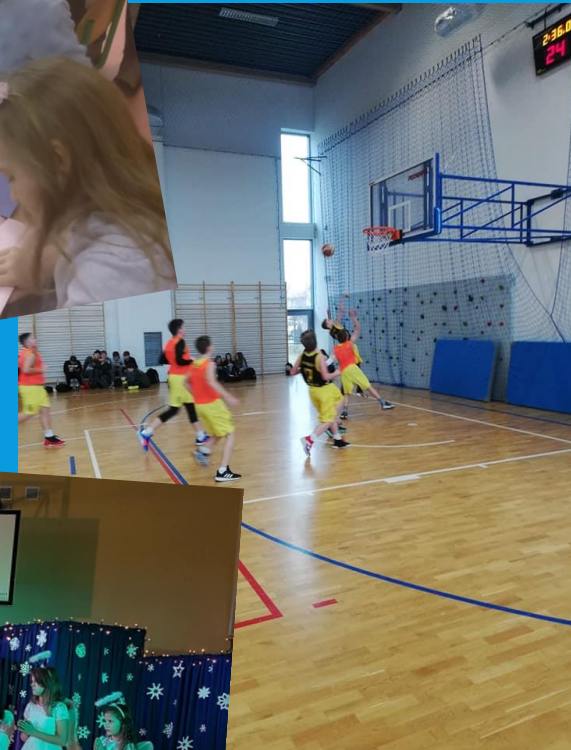

SCHOOL SUBJECTS

We learn many subjects:

- humanities: Polish, English, history
- natural sciences: biology, geography, chemistry
- science: maths, physics, IT
- art: art, music, technology
- sports: PE.

There are many after-school activities at school: care in the common room, remedial, correctional, IT, sports, art, theater.

TEACHERS

The headmaster of our school is
Mr. Łukasz Zawistowski.

My tutor's name is Barbara Sowa and she
teaches mathematics.

We are taught by many teachers who are
understanding and try to help us learn.

AFTER-SCHOOL CLASSES

In our school, there are many competitions that I often take part in.

Students represent the school in sports competitions and are successful.

Interesting people are invited.

We go on trips and field trip.

DISTANT LEARNING

The Covid-19 pandemic has resulted in remote learning.

We connect with teachers through the Teams platform. In this way, lessons are conducted, tests are conducted, we communicate, we send homework to be checked.

Despite the pandemic, the school tries to organize various classes, competitions and online meetings for us.

Recently, as part of the Day of Modern Technologies, a demonstration of obligatory reading during the eighth class exam was organized.

Znaczenie tytułu

- Łaciński tytuł *Quo vadis* oznacza *dokąd idziesz*.
- Nawiązuje do fragmentu dzieła, w którym święty Piotr, idąc za namową chrześcijan, postanawia opuścić Rzym.
- *Dokąd idziesz?* - może mieć też wymiar symboliczny.

Henryk Sienkiewicz pseud. Litwos

- Żył na przełomie XIX i XX wieku.
- Jeden z najwybitniejszych powieściopisarzy i nowelistów polskich epoki pozytywizmu.
