

# My interests and passions

Made by: Adrianna Rybińska

Dance is my  
greatest  
passion.

For 3 years I have been going to the Rockstep dance school in Radom.

Unfortunately, later I ended this wonderful adventure with the dance school, but it does not mean that I stopped dancing completely.

I dance for myself at home every day. I will sign up for Rockstep again next school year.

Another  
passion of mine  
is pole dance.

•

Pole dance is a very beautiful sport.  
We need strength to make a figure.

I signed up spontaneously for pole dance. On Facebook I found the website of the Academy, located in Radom and dealing with this particular sport. I thought for a moment, and I decided why not give it a try. And this is how I found my next passion.

# Team games

MY FAVORITE TEAM GAMES ARE:  
HANDBALL, BEACH VOLLEYBALL,  
BASKETBALL AND SOCCER. I GOT  
TO KNOW SOME OF THESE GAMES  
WHEN I STARTED MY  
ADVENTURE WITH SCHOOL.

# Photography

At the beginning, I started making collages. Later my uncle lent me his camera for a week. (I think I photographed the whole house).

I now have a plan to buy a professional camera. Maybe in the future I will become a photographer.

I'm also interested in architecture.

I really like designing various houses and gardens.

I have a lot of books about design at home. I have already created several projects.

I like rollerblading, cycling and scooters.
